

Cabin Pet Policy

Pets must be pre-approved prior to arrival and can go in your cabin only.

Pets must be under your control and leashed at all times. The leash may be no more than 6-feet long. Pets must be leashed so they cannot reach other cabins.

Dogs may never be left alone in your cabin, unless in a kennel.

Please watch your dog's barking so other guests are not disturbed.

We realize that if a pet goes on furniture at home, it may be impossible to keep them off our furniture and beds. If that is the case, please bring your own blanket for our furniture and your own comforter for our beds.

No pets in fenced-in area by pool or on the beach

The dog walk area is there for your pet's use. A shovel is provided for you to clean up after your pet. Just deposit it in the trash can.

When you leave, please vacuum the cabin thoroughly.

If your pet causes problems, we will ask you removed it from the property or brought to a kennel.

Visitors are not allowed to bring their pets.

By taking any pet into the cabins or on our property, you agree to reimburse the owner for any and all damages.
